Saturday, October 26 - Sunday October 27, 2024 **HOPE Celebration Weekend at Grailville**

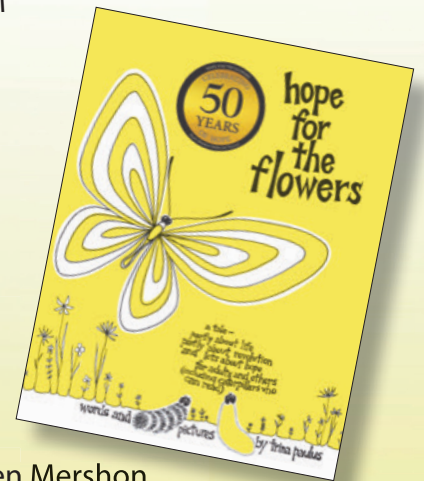

with Trina Paulus, Author and Artist of
"HOPE for the Flowers"

Hope for the Flowers is Trina Paulus' world famous story and book about Stripe and Yellow, two caterpillars who have traveled into well over 4 million hearts around the world. These Little caterpillars cross boundaries of culture, language, religion, age, with their challenge and hope that a loving world is possible.

"By risking the butterfly, we can fly and carry the love of one flower to another and discover the sweet nectar of every flower we are privileged to meet."
